

# NEW B1200G-2

## SKOPE Standard Range

**SKOPE**<sup>®</sup>  
Refrigeration

### GENERAL PURPOSE

This chiller will enhance product display and merchandising in any café, supermarket or convenience store while making significant power savings.

Optional illuminated sign panel

Fitted with LED lights to minimise energy consumption

High efficiency, high speed EC condenser fan motor with a reverse function to reduce condenser cleaning frequency

Fully removable electronically controlled cassette for easy servicing and transportation

Self-closing doors with double glazed, double Low-E, argon filled, toughened safety glass

Plumbing free design with built in evaporator tray for efficient disposal of condensate water

Lockable swivel castors for easy installation, positioning and relocation

✓ Automatic energy saving mode during store closing times and quiet periods
